

Name _____

Observing How Animals Respond to Stimuli A60

Scoring Criteria	1	2	3	4
Student followed instructions to predict and observe responses of an earthworm to stimuli.				
Student recorded predictions and observations.				
Student compared predictions with observations.				
Student communicated by describing the responses of the earthworm to the stimuli.				
Student made an inference about how the earthworm's responses protect it from danger.				

Score: total points	
Score: % equivalent	

Scoring Key

- 4 points** correct, complete, detailed
- 3 points** partially correct, complete, detailed
- 2 points** partially correct, partially complete, lacks some detail
- 1 point** incorrect or incomplete, needs assistance
