**Investigating Eggshells A88**

| <b>Scoring Criteria</b>  | <b>1</b> | <b>2</b> | <b>3</b> | <b>4</b> |
|--|----------|----------|----------|----------|
| Student followed instructions to test the strength of eggshells.                                 |          |          |          |          |
| Student recorded observations of the strength of eggshells.                                      |          |          |          |          |
| Student observed eggshells in vinegar and recorded observations.                                 |          |          |          |          |
| Student explained how an eggshell is fragile or strong.  |          |          |          |          |
| Student made an inference about how the shell helps the developing chick survive in its habitat. |          |          |          |          |

|                            |  |
