

Name _____

Investigating How Plants React to Light A106

Scoring Criteria	1	2	3	4
Student followed instructions to test how a plant reacts to light.				
Student predicted how the plant would grow.				
Student recorded observations about the plant's growth.				
Student used observations to communicate about why the plant grew as it did.				
Student made an inference about how the height of the barriers might affect the plant's growth.				

Score: total points	
Score: % equivalent	

Scoring Key

- 4 points** correct, complete, detailed
- 3 points** partially correct, complete, detailed
- 2 points** partially correct, partially complete, lacks some detail
- 1 point** incorrect or incomplete, needs assistance
